Why should I self-manage?

Frimley Health and Care

Most muscle and joint problems can be self-managed without any specific or specialist treatment. getUBetter gives you the means to better understand your health and trust your recovery. The app does not replace the health service but works alongside it to complement and ensure you get the support you need.

Will getUBetter work for me?

The team at NHS Frimley have identified you as someone who could benefit from using a getUBetter self-management app. If you're comfortable using a smartphone, we encourage you to scan the QR code and register now. Alternatively, speak to your clinician or, to get access via the web, visit your GP website and search for "getUBetter".

Who is getUBetter for?

Anyone over 18 who requires support to self-manage a muscle, bone, or joint injury or condition.

What will I get?

- A personalised recovery tailored to how you are feeling
- Day-by-day and step-by-step guidance
- Exercises based on your stage of recovery
- Symptom checker with advice to seek help when needed
- Referral or recommendation to your local healthcare providers, treatments, and services (GP practice, physio, or wellbeing services), if needed.

How to download and use?

- 1** Scan the QR code (use the camera on your phone) to access your local health service.
- 2** Using the same email address, create an account on the getUBetter app.
- 3** Follow the instructions on the app to receive your personalised recovery programme.
- 4** Follow your recovery programme and get yourself better or back to your normal.
