

**INFORMATION LEAFLET FOR THOSE
TRAVELLING WITHIN THE NEXT 6**

WEEKS

Our policy for travel medicine does not allow us to perform risk assessments or vaccination for those travelling within the next 6 weeks.

Most travel vaccines take at least 10 days to be fully effective and we do not have capacity to accommodate last minute travel appointments.

We strongly recommend that you seek travel advice at a private travel clinic or pharmacy that provide private travel services.

You can find many local facilities online. Suggestions are provided below. Please note we cannot recommend or endorse these services which are provided for your convenience.

- CityDoc, Farnborough Tel: 0207 8626104

www.citydoc.org.uk/travel-clinic-farnborough/

- Boots ~ Farnham / Camberley / Guildford

www.boots.com/health-pharmacy-advice/vaccinations/travel-vaccination-health-advice-service

- MASTA Travel Clinics ~ Reading / Basingstoke Tel: 0330 1004106

www.masta-travel-health.com

For any future travel please plan ahead with regards to travel vaccinations and contact us at least 6 weeks before departure.
